

## **Rashmi Bajpai**

**E-mail:** rashmibajpai.blr@gmail.com

**Mobile:** +91-7625084245

### **OBJECTIVE:**

Work in an environment, which motivates me to bring out the best from me in a productive and efficient manner. Wish to work as Design Architect, which perfectly fits to my imagination and analytical skills.

### **SUMMARY:**

- 5+ years of Experience in the IT Industry in Developing JAVA, Spring MVC, Spring boot, Microservices and J2EE applications using Tomcat, JIT, Eclipse, STS, IntelliJ, Sql Developer, DBever, Postman
- Expertise in Hibernate Framework JPA.
- Hands on Experience in J2EE Technologies (JDBC, JSP, Servlets).
- Hands on Experience in Spring MVC, Spring boot , Microservices
- Hands on Experience in Rest Web Services, Microservices
- Hands on Experience in Docker, Spinnaker, Jenkins
- Expertise on writing unit test cases using Junit5 for SonarQube
- Expertise version control system Git and Jira tool

### **PROFESSIONAL SUMMARY:**

<b>Name</b>	<b>Joining Date</b>	<b>Till Date</b>	<b>Role</b>
Arz Webtech	25th June 2015	7th Jan 2019	Software Developer
Cerner Healthcare Pvt. Ltd (On Payroll of Description Allegis Group, Inc)	8th Jan 2019	23 <sup>rd</sup> march 2020	Software Developer
HCL Technologies	24 <sup>TH</sup> MARCH 2020	Currently working	Senior Software engineer

### **EDUCATION :**

Class	College	Board	Year
10th	Arya Kanya Inter College, Sitapur (UP)	UP Board	2006
12th	Govt. Girls Inter College, Sitapur (UP)	UP Board	2008
BSc	Sacred heart Degree College (UP)	APJAKTU - UP	2011
MCA	Sacred heart Degree College (UP)	APJAKTU - UP	2014

#### SKILL SET :

Language : Java, SQL  
 RDMS : MySQL, Oracle  
 Web Server : Apache Tomcat  
 Application Server : JBOSS  
 J2EE Technologies : JDBC, JSP, Servlets  
 Frameworks : Hibernate, Spring , basic Hadoop., Spring Boot  
 Web Services : Rest API  
 IDE : Eclipse , IntelliJ IDEA ,STS  
 Tools : ANT, GIT, Log4J, Maven, SVN, Jira, Jenkins Agile  
 Methodology

#### PROJECT PROFILE

##### Project #1

Appointment Plus  
Client

**Kaizen Dental, US.**

Team Size

**8**

Role

**Team Member**

Duration

Jan 2019 to till date.

Environment

## **Core Java,, Spring, Hibernate, Eclipse**

### **Description:**

Appointment Plus will be used as a platform for appointment management in the Kaizen Dental . The people involved with the appointment division goes through the system to get the details of appointments booked for any specific day and update the schedule of the Doctor according to that. Patients can be able to book their appointments through Appointment Plus by mentioning their problem, selecting Doctor, Date and appointment time. The System will capture all the appointment details, store it in a securely manner and update the appointment staff so that they can approve/reject or reschedule it.

### **Responsibilities:**

- I have Written java classes.
- I have Written Controller classes .
- Designed JSP`s as per the Requirement
- Written Hibernate components.

### **Project #2**

Event Management System.

Client

**ReachtoWorld, US** .

Team Size

**12**

Role

**Developer**

Duration

Feb 2017 to Dec 2018 .

Environment

**Java, JSP, Spring, Hibernate, Eclipse, JBoss, Oracle**

### **Description:**

EMS Application will be implemented as a product which will be useful for corporates and individuals to create and manage their public and private events. Once Organizer creates an event, we can add all information about organizer and the event including personal information, event name, venue, date, no. of seats etc. Paid events premium details and payment information will be securely stored in EMS. When individual registers for an event to attend, the organizer will get the request and can approve/reject it and it will send the notification back to the requester. There are many other features including invitations, polls creation for an event, reviews and feedback, help and support etc.

### **Responsibilities:**

- Designed JSP`s as per the Requirement.
- Implemented Controller Classes.
- I have Written Java class • Written Hibernate components.

**Project #3**

Study Center Booking Management.

Client

Independent Client, India.

Team Size

**6**

Role

**Team Member**

Duration

March 2015 to Jan 2016

Environment

**Java, JSP, Hibernate, Eclipse, Tomcat, Oracle**

**Description:**

Study Center Booking Management System is the complete seat management solution for private study center where IAS aspirants will be able to go through the platform, select the center, go through the facilities they are providing, select the seat, select plan and book it for themselves. The Study Center owner can be able to add their centers into the platform, add their facilities, add payment plans. On top of that, there will be an Admin which manages all the other users and all the activities of the platform.

**Responsibilities:**

- Designed JSP`s as per the Requirement.
- Implemented Action Classes.
- Implemented Form Beans and thier Validations.
- Implemented DAO`s with Hibernate.
- Written Hibernate components.

Tools : ANT, GIT, Log4J, Maven, SVN, Jira, Jenkins Agile Methodology

**Project #4**

Journal Citation Report

Client

**Clarivate Analytics**

Team Size

**8**

Role

**Team Member**

Duration

May 2019 to till date.

Environment

Core Java, Spring bot, Rest API Hibernate JPA, Juint5, Angular tools STS, Visual code, SQL Developer Jira, Git, Jenkins ,Postman Agile Methodology

**Description:**

The Journal Citation Reports module within InCites allows you to evaluate and compare journals using citation data drawn from approximately 12,000 scholarly and technical journals and conference proceedings from more than 3,300 publishers in over 60 countries/territories. Journal Citation Reports is the only source of citation data on journals, and includes virtually all specialties in the areas of science, technology, and social sciences.

#### Responsibilities:

- I have Written java classes.
- I have Written Controller classes
- I have written Request and Response classes
- I have written service layer code
