Professional Summary

- **Overall 11.3 Years of extensive and handy experience in Professional software development environment in Java/J2ee domain.**

- **Software Developer skilled at technical leadership, communication and presentations. Experienced in full project life cycle from design to implementation to integration.**

- **Worked as Consultant in Java - J2EE , Web services Technology in One of the leading Bank in Saudi Arabia(Riyadh) for more than 4 years.**

- **Handy experience in ESB (Enterprise Service Bus) Integration with web-application through Weblogic JMS/ Web-Service approach**

- **Specialist in Backend Service Integration (Intra, Inter-App) Communications.**

- **Successful at managing teams, driving progress toward project milestones, quality assurance and on-time delivery.**

- **Analytical Programmer possesses strong knowledge of Java Programming. Quick learner and problem solver.**

Skills

- **Core Java (Jdk_1.6, 1.7, 1.8) J2ee, Spring (5.0) , Spring Boot, Micro Services, Hibernate ,HTML5 , Oracle server 10g, Sybase, Struts(2.0) ,Angular 7 , Web Services(Soap, Rest), JSP, Servlet, DWR(Direct Web Remoting), JAXB , Mongo.**

- **Servers: Oracle WebLogic server(8.1,10.3,10.3.6), IBM WebSphere Server(7.0), PL\Sql Developer, boss Server, Tomcat Server,**

- **Core Technologies: Java, Spring, Hibernate, Spring-Boot Angular-7, Unix**

- **Tools: SybSql, Pl-Sq developer, SecureCRT, Putty, WinSCP, FileZilla, SOAPUI, STS , JIRA, Bit Bucket, Git, Docker, Kubernetes**

- **Advanced knowledge & handy experience of Java and J2ee**

- **Handy Knowledge of Web Services technologies**

- **Advanced problem solving skills**

- **Experienced in Agile Methodologies**

- **Troubleshooting and debugging**

- **API design knowledge**

- **Shell scripting**

- **Exceptional time management**

Accomplishments

- Working as a Lead in a project with one of the US Bank client having ~9 members in the team with Agile environment.
- Worked as Consultant in one of the leading Bank in Gulf region (Riyadh ,Saudi Arabia)
- Having Knowledge of MicroServices , Load Balacer.
- Have well verse knowledge of Internet Banking applications and security standards.
- Developed an application on JavaFx2.0 for collecting data entered by user.
- Hands-on experience in writing build scripts, running build and deployment on WebSphere Application server and WebLogic server.
- Gathered in depth knowledge of WebSphere Application Server architecture and deployed application in Clustered environment.
- Hands on experience in writing Web Services with Axis-2, JAX-WS technology in both hosting and consuming Web Service.

- Hands on experience on detailed WSDL and SOAP & REST.
- Experience in handling team members to achieve productivity in agile environment.
- Experience in handling team members to achieve productivity in agile environment.

Work History

Current

Wipro Limited , Greater Noida, (Senior Project Engineer)

Project Title	**Infrastructure Automation**
Role	**Lead Developer, Individual Contributer**
Technologies & Tools	**Angular-7, Spring-Boot, Microservices, Restful-Services, JIRA, GIT, BIT-Bucket, Jenkins, SOAP UI, Mongo, Tectia, Mongo Compass,Docker, AUTOSYS, Rest Template, Mongo Template,Kafka**
Description	**My Role:** - Handling Team and responsible for efficient delivery. - Development of JIRA items assigned by product owner. - Coder review using Sonar Qube - Co-ordinating team members work - Implementing CyberArk Integration, SSL Integration with Other Inter Systems. - Making design documents

2015 to 2019   WIPRO ARABIA Ltd. (Senior Project Engineer)   Riyadh,KSA

- Responsible for Migration and enhancement for assigned application.
- Responsible for preparing and verifying migration plan/steps documents.
- Involved in analysis, designing class diagram, development, unit testing and project related document preparation
- Built, tested and deployed scalable, highly available and modular software products.
- Worked as service integrator expert within applications
- Modified existing software to correct errors, adapt to improve performance.
- Worked closely with clients to establish problem specifications and system designs.
- Analysis of requirement and feasibility study, thereby estimate efforts required.
- Design the flow of changes required to perform
- Defect fixing in case of defects found
- Communicating with different stake holders/Clients

March 2014   Wipro Limited (Senior Software Engineer)   Greater Noida, India

- Developed standalone application components using javafx 2.0.
- Development of the functionality/application module
- Handled Team of 5 members by self.

2010 - 2014   Tata Consultancy Services(**I.T. ANALSYT**)   India

Project Title	**TCS BaNCS , Insurance Domain (BFSI)**
Position Title	**Developer, Team Lead**
Technologies	**Java, JSP, Servlet, Spring, hibernate, Web-Services, WebLogic and WebSphere Servers , GIT, Jenkins, SOAP UI, Oracle PL-SQL**

Description	My Role:
	- Built, tested and deployed scalable, highly available and modular software modules in Agile environment. - Modified existing software to correct errors, adapt to new hardware and improve performance. - Designed Restful application components , code fixes and enhancements for inclusion in future code releases and patches - Led a group of 10 engineers in the design, and development of web-based software solutions. - Maintained existing applications and delivered new applications.

Education

- Bachelor of Technology - Computer Science and Engineering -M.C.K.V Institute Of Engineering –2009 (8.42 D.G.P.A)
- Higher Secondary –HindMotor High School—2005(74.4%)
- Secondary-HindMotor High School—2003 (72.2%)

Personal Information

- D.O.B : 17/03/1987
- Passport Number: Z4431607
- **Certifications** – Company Internal Certifications, **Udemy** Certifications

Additional Information

Strengths
- Dedication to work, Good learner, effective communicator.
- Always eager to learn new technologies
- Analytic ability to break large systems into modules/Sub Systems.
- Good at time management, Team Player and Communication ability.
- Received Two Times **On the Spot Award** for My dedication in the Team.
- Received **Winner Circle Award** and **KSA Spot Award** for the dedication in my team.
